Product Details

Shanghai DER new material Co.,Ltd is a professional **ABS sheet** manufacturer and exporter in china, that is connected with design, development, and production of **ABS plastic sheet**.

1. Introduction of the ABS sheet

ABS sheet is a plate that carved, base material with national standard of ABS polymer material, thought special process, **ABS plastic sheets** are widely used in signs, badges, nameplate, advertising light boxes, billboards, gift modals ,advertising, decoration, space guide plate, plate, floor board and so on.

ABS double side color sheets main processing: mechanical engraving machine cutting, engraving, laser engraving, hot stamping, bending etc.

2. Advantage and Characteristic of the ABS sheet plate

- High rigidity and impact strength
- Excellent chemical resistance
- Excellent abrasion resistance
- Excellent electrical properties, moisture and creep resistance

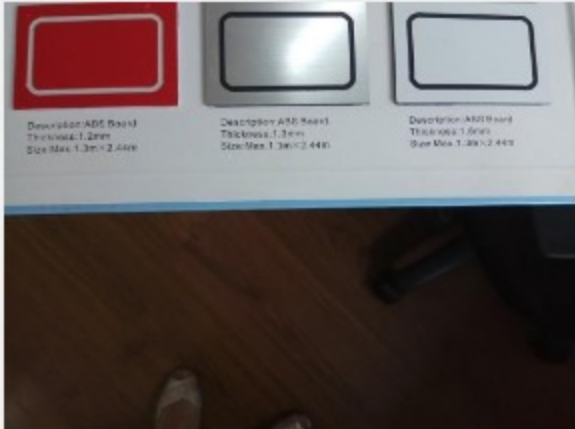

ABS sheet plate has good chemical and stress cracking resistance to inorganic salt solutions, alkalis and many acids (Except strong oxidizing acids)

ABS plastic sheet is easily machined to close tolerances, is tough, dimensionally stable and may be thermoformed.

Easy to processing and cutting. Easy cutting, sawing, stamping, engraving, bending and pasting.

3. Specification of the ABS Sheet

- 1)Color thickness≤0.1mm, metal thickness≤2mm
- 2)finished product thickness is 1.mm、 1.5mm and 3mm (non standard≤0.2mm) .
- 3)Common size: 0.6*1.2m Max size: 1.38*2.44m
- 4)customzied color,size can be accpeted.

5. Service of the ABS board sheet

- 1) More than 15 years factory experience.
- 2) serious QC on whole production line
- 3) OEM can be accepted.

DER is professional **ABS sheet** manufacturer, our products are in promotion. If you are distributor of **ABS plastic sheet** or **ABS board sheet plate** and if you have any questions or requirement of **ABS plastic sheet**, please contact us freely.
