Product Details

large storage tanks

Large storage tanks, compared to the previous iron tank or hard plastic tank, **onion bladder tank** has the flexibility of moving and handling, low production cost, low transportation cost, and large volume of monomer.

Onion tank can be used and no other operation is needed. It is made of special **pvc tarpaulin**.

Pvc water tank has many applications below:

- . General liquid storage and transportation
- . Chemical specialties: chemical liquids are highly corrosive. For corrosive chemical products, . special corrosion resistant materials and valves are used.
- . Special oil: suitable for transportation of all kinds of grease liquids.
- . High temperature resistance: for high temperature storage or transportation of liquid, using high temperature resistant materials.
